Location

A little bit about the owners and the area:

"A former wine domain which had been neglected for several years was bought by us, in the summer of 2007. We had decided to leave London after 20 years to seek a different lifestyle and find more space, family time and room to breathe! The idea being to renovate the original house and one of the barns into a spacious family home and to turn the other two barns into gites, a workshop and studio.

With lots of attention to detail, a love of working with recyclable materials and sourcing as much of the wood and stone that was on the property as possible, we have now lovingly renovated and restored the barns to become three welcoming apartments, in-keeping with the style of the original buildings.

The first two gites are reached up a flight of stairs via a shared landing. They each have two bedrooms (one double and one twin, with room for an extra bed in the twin or a cot if required.) The third gite also has two bedrooms but on two floors and has its own little terrace which also leads out into the Secret Garden.

Each gite is spacious, stylishly decorated, comfortably furnished, with modern fittings and local antiques and well equipped. Laundry facilities are available, and hair dryers are provided.

There is a secluded garden with BBQ areas and plenty of places to play and relax including the impressive gated courtyard. Our aim is to offer a relaxed family environment.

In the village there is a fabulous boulangerie, a grocery store, hairdresser, doctors, post office, newsagent, and a very good proper French restaurant set in an old chateau with gardens, and a buzzing grill restaurant, run by a local ex rugby player who knows how to cook! A real favourite haunt! There are local tennis courts to work off all that delicious French food! Everything is just minutes away or you can borrow our bikes and cycle to collect your morning

croissants. Individuals, couples and families alike can all enjoy the space. Why not book all the gites together and come with friends?

From the village of Ferrals les Corbières are numerous scenic walks. One of our favourites takes you through the vines and into the nearby historic village of Fabrezan which is buzzing with restaurants, cafes and atmospheric bars.

5 minutes drive away are two well stocked supermarkets with good fish, meat and bakery counters. Also nearby are a couple of fabulous boulangeries. Another 5 minute drive and you are in Lezignan les Corbières, the local town with a number of shops and restaurants.

We look forward to welcoming you to our little piece of paradise in the sun!"
