## Location

The coastal road between Nice and Monaco is one of the most scenic routes in the world, with absolutely breathtaking views overlooking the Mediterranean coast. The village of Eze located along this road: “Eze bord-de-mer”, a seaside resort on the lower ledge and “Eze-village”, on the mid-ledge. The villa is situated in the seaside resort, in a very quiet and ultra-residential neighborhood. Just six short minutes to get to the beach on foot! And you'll find numerous convenience stores in the village. From the villa, you'll get a low angle shot of the old town of Eze; an eagle's nest perched on a rocky outcrop, one of the most picturesque and widely admired sites on the coast. A medieval village with little narrow stone streets, you'll get a stunningly sweeping view, particularly from the botanical gardens at the top. You can go from one village to the other by road or by using the footpath. The location is ideal for visiting the Riviera's key cities: Monaco and Nice are only about 10 km or so away. We also recommend that you go to Beaulieu-sur-Mer, 3 km down the road, where you'll find some excellent restaurants. And don't leave without treating yourself to a dinner at the Château de la Chèvre d'Or in Eze!
