Description

Located 5km from the ancient fortified town of Monpazier this house was fully renovated in 2017 and 2018.

The land has been in the same family for over 350 years and the current owners are the 13th generation! This property is obviously dear to the heart of the family but they would now like to share the pleasure and delight the house has given them with selected guests.

The house is located in a very quiet place. No neighbours in the surrounding area and there are more than 3 hectares of woods and meadow that belong to the property. It is extremely spacious at nearly 400m² spread over three floors.

The ground floor has a North American-style kitchen with plenty of place to cook or entertain with seating for up to 12 people. The dining room is directly beside the kitchen and there is also a big living room which opens onto a very large west-facing terrace. This is a great spot for sunbathing in the afternoon and you can also view some extraordinary sunsets or do some star-gazing at night.

Still on the ground floor, you will find a TV room with more than a 100 channels. One of the 5 bedrooms - with a king size bed - is also located on the ground floor which makes it perfect if you are holidaying with the grandparents. There is a dedicated bathroom just next door to serve this bedroom.

On the first floor, you will find 3 bedrooms: 2 with king size beds and their own private sitting room, 1 with a king size bed (which can be configured with twin size beds). There are 2 bathrooms on that level: one in the bedroom # 2 suite with a sink and a shower and 2nd one with 2 sinks and a shower for the bedroom #3 and #4. There is also an independent WC.

On the second floor, which is under the roof, you will find one room with 4 twin size beds and 1 living room.

The first and second floors have air conditioning.
